findCRA Relocates Headquarters to Larger Office in Eastern Louisville as Company Continues National Growth

Louisville, KY – findCRA has relocated its headquarters to a new, larger office space located in the Hurstbourne neighborhood in East End of Louisville, Kentucky.

The company's new office located provides additional space for future growth and modern amenities located within the Liberty Centre office compliance. Located in Liberty Centre I, the company's new address is 1230 Liberty Bank Lane, Suite 120, Louisville, KY 40222.

The new space will support the company's continued growth as a national RegTech and consulting solution for banks. findCRA's innovative Community Qualifier and Contexter software products help banks to simplify documentation and research regarding federal regulatory requirements under the Community Reinvestment Act. Banks across the country, ranging in total assets of \$500 million to over \$80 billion, have deployed findCRA's software to support their staff and communities. Additionally, the company's end-to-end CRA consulting services include staff training, CRA advisory services, program management assistance, and pre-examination audits and reviews.

"As our company continues its growth year-over-year, it was important for us to find a location that supports our current and future needs. Our team finds value in coming together to collaborate regularly to meet customers' needs as well as build camaraderie and discuss future enhancements to our services. This new location aligns with our company's culture, current operations, and future goals perfectly." said Ben Loehle, CEO & Co-Founder.

Headquartered in Louisville, KY, findCRA provides banks of all sizes a more efficient way of meeting their CRA regulatory obligations with its online research engine that puts CRA first. The company provides comprehensive, consistent data and instant insights into CRA alignment for nonprofits and performance context for every community in the nation. Its cloud-based software tools – Community Qualifier and Contexter – simplify time-consuming CRA research efforts by organizing hundreds of critical data points into an intuitive research engine.
